

Place Value and Comparing and Ordering Numbers Quiz

Important Notes

- ✓ This year, quizzes and tests will be composed of questions mostly assessing the **Knowledge and Understanding and Application** sections of the Ministry of Education's Achievement Chart (see *class website for link to curriculum documents*). Students will be asked a variety of questions, which may include: multiple-choice questions, fill in the blanks, matching, short answer and /or computational questions.
- ✓ Students will be given Math Journal "Thinking Questions" throughout the year, which will assess the **Thinking, Communication and Application** sections of the Achievement Chart.
- ✓ At the grade 6 level, study packages will no longer be provided. Students are expected to use their notes/lesson pages and completed practice sheets in their math binder to review. Also, students should review their math dictionaries.
- ✓ Students can also use the class website (e.g., videos, games, etc.) and are free to take home the textbook to work on questions specified by the teacher.

Below are a list of topics that will be covered on the **upcoming quiz**:
